HISTORY/GEOGRAPHY

Please Note: We will study Asia for the remainder of this year. Asia is a vast continent with many cultures, climates, and countries. It is home to some of the most populous countries on earth. We recommend studying a variety of countries from different parts of the continent throughout the year.

All about **Asia**

- Asia is the largest continent, covering about 30% of Earth's land area.
- It is the most populated continent, with over 4.7 billion people (more than half of the world's population).

Why the Rainbow?

Because God always keeps His promises. AND with the end of the world happening things that belong to the Lord! We're not proud of it; we humble ourselves so fervently seek that Lord and ask Him to remember mercy.

"LORD, I have heard of your fame; I stand in awe of your deeds, LORD. Repeat them in our day, in our time make them known; in wrath remember mercy." Habakkuk 3:2 NKJV

God gave the rainbow as a sign after He destroyed the earth by a flood. He saved Noah and his family because Noah trusted and obeyed God. The rainbow is a beautiful, physical reminder of the covenant that God made with the world to never destroy the earth with a flood again. He is a righteous God, and He saves those who trust and obey Him. He always keeps His promises. Jesus is coming again, and those who trust and believe in Him will see God's promise of a new heaven and a new earth where righteousness dwells. Jesus made a New Covenant with us in His blood, and through His sacrifice we can escape the wrath and fire to come. We can freely accept His mercy and, like Noah, choose obedience and faithfulness to the Lord in a generation of wicked men.

God's promises aren't just for people in the Bible. You hold this can column in your hand because God is amazing, making and sustaining roads to God. He is faithful, and we can trust and obey Him!

God always keeps His promises.
